## SUMMARY

Adaptable and growth-oriented developer with a background in Japanese linguistics and IT. Experienced in Java, C#, HTML, CSS, and JavaScript with a strong passion for game development and software engineering. As an enthusiastic International Mentor and Language Café Leader, alongside my experience as a Lifeguard, Teaching Assistant, and Educational Support worker, I am eager to contribute my diverse skill set to your team. My passion for fostering inclusive learning environments and promoting cultural exchange drives my commitment to empowering individuals. I am excited about the opportunity to collaborate with like-minded professionals and make a positive impact in the community.

## EXPERIENCE

❖ International Mentor & Language Café Leader, ..... Jan 2023 — Jan 2024  
Sweden

Organized cross-cultural exchange events and facilitated language-learning sessions as a language café leader, overseeing team coordination and event planning for international students.

❖ Lifeguard, Municipals ..... Jan 2015 — Jan 2022  
Kristianstad, Bjuv, Perstorp, Sweden

Managed customer service, oversaw technical aspects of facility management, and ensured water safety while handling emergencies.

❖ Teaching Assistant & Educational Support, Municipals ..... Jan 2017 — Jan 2018  
Perstorp, Åstorp, Klippan, Sweden

Assisted teachers with lectures and provided academic support to students requiring additional guidance.

## EDUCATION

❖ Lund University ..... 2022 — 2025  
*Bachelor's Degree, Japanese Linguistics* Sweden

Focused on Japanese language, grammar, phonetics, and sociolinguistics, with emphasis on translation, language acquisition, and cross-cultural communication.

❖ Ritsumeikan University ..... 2024 — 2025  
*No Degree, Japanese & IT* Japan

A specialized exchange program offering Japanese language, culture, and academic courses in Kyoto. Designed for international students, SKP provides intensive Japanese language training alongside various courses in different fields like IT

❖ Luleå University of Technology ..... 2025 — 2025  
*No Degree, IT* Sweden

An in-depth course covering object-oriented programming (OOP) in Java, focusing on late object instantiation, design principles, and software development practices. Includes inheritance, polymorphism, data structures, and GUI development, preparing students for real-world application development.
